Dear Stakeholders and Providers,

The Department of Medical Assistance Services (DMAS) is pleased to announce the launch of Medallion 4.0. This program builds upon CCC Plus and is a part of the Agency's long-term goal to move our populations to integrated and coordinated care.

Over the past two decades, the Agency has continued to strengthen the foundation of the Medicaid and Family Access to Medical Insurance Security (FAMIS) programs through MEDALLION, Medallion II and Medallion 3.0.

Medallion 4.0 will continue to provide services to over 761,000 Medicaid and FAMIS eligible members of the following populations:

- Infants
- Children
- Foster care and adoption assistance
- Teens
- Low-Income Families and Children (LIFC) Adults
- Maternity
- Children with special health care needs

The Agency is hosting a series of webinars and would like to extend an invitation to stakeholders and providers. During each webinar, we will ask for your input to help us further develop the Medallion 4.0 program. There will be the option to share your feedback or ask questions through the chat box feature. We also encourage you to utilize the opportunity to e-mail us your input at [M4.0Inquiry@dmas.virginia.gov](mailto:M4.0Inquiry@dmas.virginia.gov)

During these webinars DMAS will present on:

- Medallion 3.0 and changes

- Medallion 4.0 populations and services
- Timelines and regional implementation
